MARCO SPANO

PERSONAL PROFILE

I am self-taught developer, who is passionate about programming. I decided to change career and turn my passion into a profession. To achieve my goal, I have been broadening my knowledge and catching up on the latest web development trends and technologies and took career break in 2021 to commit myself to studying. I also utilized this time to build apps using the latest React features and libraries. I am looking for the opportunity to learn and develop new skills and work as a part of a team.

- Web design graduate with experience in building real life responsive websites using HTML5, CSS3, JavaScript.
- Experience in building real life Web Applications using the latest technologies (React.js, JavaScript, CSS/SASS, REST/API)
- A quick learner who can absorb new technologies.
- Excellent communication skills and an obsession for detail.
- Able to adapt to a changing work environment and make positive use of the opportunities it presents.
- Excellent organisational, planning, research and problem-solving skills.
- Experience of working under pressure, to tight deadlines.
- Able to listen and follow instructions carefully.

PROFESSIONAL EXPERIENCE

Web developer, Freelance, London, UK

Dec 2019 - present

I built a commercial website for a newly-funded start-up. The website was built using Javascript, HTML 5 and CSS/SASS. I maintain and update the website.

I built apps using the latest technologies (React.Js + hooks, Material UI, RESTful API, node.js, express.js, Postgresql, firebase, sanity-studio, netlify,).

For more info regarding my projects please visit my online portfolio at the following address:

Soft Services Coordinator Nights

Jun 2021 – Present

I am responsible for the implementation and maintenance of standard operating policies and procedures for the smooth running of the contract. I assist operations manager in day to day operations of the contract and I highlight any issues and assist in rectifying them within a specified time period, whilst liaising with managers from various departments.

I ensure that expected standards are adhered to at all times and all requests are met within the agreed time scale.

Dep. Soft Services Manager, Interserve Group Ltd,**Nov 2013 – Nov 2020**

Responsible for managing 200+ members of staff within different departments of hospital. I worked to tight deadlines and under pressure in a fast-paced environment.

I liaised with different departments within the organisation as well as external clients, such as sub-contractors and members of the Trust. My role involved organising the daily sanitisation of the hospital, training staff (for example, on Health and Safety, Infection Control and Control Of Substances Hazardous to Health). I also investigated Health and Safety incidents/accidents and reviewed health and safety procedures. I was asked to audit other hospitals in order to analyse their processes and find ways to optimise their services. I was in charge of creating risk assessments for the domestic department, and that included correct use of chemicals and ensuring the tasks completing following health and safety regulations.

EDUCATION**Certificate, Udemy/Online****2021**

The complete web developer Zero to Mastery by Andrei Neagoie
