I am a self-taught Front End Developer and I am passionate about programming. I decided to change career and turn my passion into a profession.
To achieve my goal, I spent the last 14 months broadening my knowledge and catching up on the latest web development trends and technologies. I also utilised this time to build apps using the latest React features and libraries. What I am looking for is the opportunity to learn and develop new skills and work as a part of a team.

WORK EXPERIENCE

Web developer, voluntary role *Dec 2019 / In progress*, London

Voluntarily helping a newly-funded start-up business to develop and maintain its commercial website, for self-educational purposes. Includes coding in Javascript , HTML 5 and CSS/SASS.
....
Building apps using the latest technologies(React.Js + hooks, Marerial UI, RESTful API, node.js, express.js, postgresql,firebase,sanity-studio, netifly,).
....
For more info regarding my projects please visit my online portfolio at the following address:**https://marcospano-portfolio.netlify.app**

Deputy Soft Services Manager, Interserve Group Ltd *Nov 2013 / Nov 2020*, London

Responsible for managing 200+ members of staff.I worked to tight deadlines and under pressure in a fast-paced

INTERESTS

Playing Piano
Learning new technologies
Travelling and tasting foods
from around the world

environment and I was responsible for liasing between
different departments within the orgnisation as well as external clients, such as sub-contractors and
members of the Trust. My role involved organising
the daily sanitisation of the hospital, training staff (for example, on health and safety, Infection control and Control Of Substances Hazardous for Health). I also Investigated health and safety incidents/accidents and reviewed health and safety
procedures. I was asked to audit other hospitals in order
to find ways to optimise their services.
